

No Emotion

Amoebas

Can you hear the words I'm trying to find
For the feelings that define you?
There's no point in trying to hide
From the skeleton that surrounds youSo speak no louder than a whisper
When we're running from winter
So speak no louder than a song
When we're falling all day, falling all day longIn whatever we say, we show no emotion
We show no emotion
When we kick back into the world of motion
We show, we show no emotionCan you see ourselves in trying to hide
The reasons that define you?
If there's a point in trying to find
If there's an emptiness inside youSo speak no louder than a whisper
Means we're running from winter
So speak no louder than a song
Means we're falling all day, falling all day longIn whatever we say, we show no emotion
We show no emotion
When we kick back into the world of motion
We show, we show no emotionWhatever we say, we show no emotion
We show no emotion
When we kick back into the world of motion
We show, we show no emotionIn whatever we say, we show no emotion
We show no emotion
When we kick back into the world of motion
We show, we show no emotionWe show, we show no emotion
We show, we show no emotion
