

Barenaked

Hewitt, Jennifer Love

Do you ever have that dream
Where you're walkin' naked down the street
And everyone just stares?
Do you ever feel so deep
That you speak your mind
To put others straight to sleep?
You wonder if anybody cares Sometimes I think, I'm the only one
Whose day turned out unlike it had begun And I feel bare naked
And I just can't take it
I'm getting jaded
No I just can't fake it anymore
'Cuz I'm bare naked
And I know life's what you make it
Wish I could float away
To some other day You ever go downstairs to start your day
But your car's not there
Yeah, you know the joke's on you
You ever try your luck
With a pickup line
But you just sucked
You tell yourself it wasn't you And I know, it's hard to hold it inside
It's days like these, I run and hide When I feel bare naked
And I just can't take it
I'm getting jaded
No I just can't fake it anymore
'Cuz I'm bare naked
And I know life's what you make it
Wish I could float away
To some other day It's all a state of mind
But I don't mind tryin' to find a way
To keep my head above the mess I make
What the world creates
Sometimes it feels so good to let it all fall
As the world fall, I may fall, we all may fall
And then the world comes tumbling
Down, down, down, down, down Bare naked
And I just can't take it
I'm getting jaded
No I just can't fake it anymore

'Cuz I'm bare naked
And I know life's what you make it
Wish I could float away
To some other day When I feel
(Bare naked)
I feel, feel
(Bare naked)
When I feel
No no no no no
(Bare naked)
(Bare naked)
