

# Let's Hit One More Place

[Richmond Fontaine](#)

Let's hit one more place  
before we go home  
Let's go in when it's dark  
come out with the sun  
I know we'll be wrecked all day  
we'll be broke undone  
B-u-u-u-u-t  
let's hit one more place  
Remember when we'd disappear  
We'd go on drunks for days  
we'd never fight  
Never too tired, or too loud,  
or you weren't feeling right  
All our old friends are done in  
or just trying to stay clear  
B-u-u-u-u-t  
let's hit one more place  
We'll hide in the back  
until we're us again  
Maybe there ain't nothing left  
two strangers that used to be friends  
Who couldn't keep their hands off each  
other and nothing between them that was sad  
Let's hit one more place  
before we go home  
Let's go in when it's dark  
come out with the sun  
I know we'll be wrecked all day  
we'll be broke undone  
B-u-u-u-u-t  
let's hit one more place
