You're the One

Charli XCX

Dancing
In the darkness
Think you like luck
Keep the silenceCrystals
On the skyline
Cut the midnight
Ultra violetYou're the one who can make me stay
You're the only one who makes me feel this way
You're the one who's been stealing stars
You're golden arrow went through my heart
You're the one who can turn the page
You're the one who came along and unlocked the cage
Now I'm
Dancing in the darkFlying
Through the black night
You're the angel
In the moonlightRunning
Through the thunder
Undercover
Silver loverYou're the one who can make me stay
You're the only one who makes me feel this way
You're the one who's been stealing stars
You're golden arrow went through my heart
You're the one who can turn the page
You're the one who came along and unlocked the cage
Now I'm
Dancing in the darkYou're the one who can make me stay
You're the only one who makes me feel this way
You're the one who's been stealing stars
You're golden arrow went through my heart
You're the one who can turn the page
You're the one who came along and unlocked the cage
Now I'm
Dancing in the darkYou're the one who can make me stay
You're the only one who makes me feel this way
You're the one who's been stealing stars
You're golden arrow went through my heart
You're the one who can turn the page
You're the one who came along and unlocked the cage

Now I'm
Dancing in the darkYeah I'm dancing in the darkness
Three years before you I was feeling so heartless
But you're bright shined through
Now I'm drinking love potion when I lay next to youIt's a criminal feeling
Happiness cries when the tears are dreaming
My body is screaming
I'm staying right here no I'll never be leaving
