Do the Same For Me (feat. Pop)

Eric Roberson

I don't just love who you are,
I love who you were and who you're gonna be
Hopefully you'll see that I'm a simple man
Do just all I can
Hope you'll do the same for me, babyI can't promise you things, frozen all them things, no
But I will promise you all my heart
Every single part, yeah
I can promise if I paid all the bills
I would have money still
To shower you with all you want
But I promise to try,
To always make you smile, every dayI don't just love who you are,
I love who you were and who you're gonna be
Hopefully you'll see that I'm a simple man
