

# Reach for Your Gun (1985 Version)

## The Monochrome Set

Pussy, pussy, what's behind your face  
An IOU, sir, in an empty space  
Pussy, pussy, how did it get there  
I won it at a sideshow in a fair  
That's how it got there And I reach for my gun (fall away, fall away)]  
Reach for my gun (rail away, fall away)]  
Reach for my gun] (Chorus) Pussy, pussy, what's beneath your skin  
A lover's potion made of angel's wings  
Pussy, pussy, why the salty tears  
For all the pain, sir, that I suffer here  
I can't help the tears (Chorus)  
And if you could see the things I'm seeing  
If you could feel the things I'm feeling  
If you could hear the things I'm hearing  
You might understand my madness, my madness Pussy, pussy, where has your tail gone  
Sold for a penny and a faithless song  
Pussy, pussy, do you like my wreath  
I like the flowers, sir, but not the teeth  
No, no, not the teeth (Chorus)
