Strong As You

James McCartney

When the road to freedom is a traffic jam
It's hard for me to see how lucky I am
I'm a lucky manWhen the path to heaven is a slippin' slope
I've got to take a hold to give me some hope
Give me some hopeI am strong enough to make it through
I am strong enough, strong as youThe trees are parting
Beautiful view
The trees are parting
All for youWhen the flowing river has been made a dam
It's hard for me to say how happy I am
Happy manI am strong enough, to make it through
I am strong enough, strong as you
I am strong enough, to make it through
I am strong enough, strong as you
Strong as you
