

Brownie PointsÂ (feat.Â A-1)

E-40

Yeah
Seven, oh, seven
Yeah, Charlie Hustle
Playa, playa
What's wrong with these old niggaz, man?
D-day, what's wrong with these niggaz? What's wrong with these niggaz?
This fuckin' game, tryin'
To get brownie points and stripes
Smack points yeah
(Yeah) You got somethin' for these old niggaz, doe
What we got fo' 'em big balla?
Yeah, yeah, yeah
Beotch What's the subject? Fo' brings niggaz they Kotex
Where we reside, I creeps my ass up inside
And smash these brownies off in his face
That I done shitted and pissed on, dude, how that taste? Catch him out his place, out of his area
With his nephew and his niece, ooh, the more the merrier
Nigga tried to fuck mines off
(What'd he do?)
Tried to gauge the porch with my broads on WatooDude, you done broke fuckin' code
I'm finst ta dump drop clip, dump, drop, clip, reload
Be like I can motherfuckin' explode
Talkin' about I'll be fuckin' all kind of women That's B R P, blade, run or pimpin'
Once upon a time there was this guy named Dane
Tried to fuck my bitch, but he kris krossed game
I don't owe this motherfucker in the first But he done made livin' in my house
A whole lot worse
Tryin' to gain some stripes It's nothin' nice, read him his rights
Collar him and laugh, rollin over and politickin' with the vice
Crackin' under pressure, bust a pipe
Snake eyes is crooked dice (Goin' all up, out your way just to get them brownie points)
It's steaks and knives, read him his rights
So called best friend'll stab yo' ass in the back with a knife
And try to put yo' ass on ice For brownie points and stripes
For brownie points and stripes
Niggaz'll take your life
Just to get them brownie points You niggaz got me stuck, what?
Watchin' y'all spit it and get it fucked up
Lucked up, my mobb, niggaz, yeah, we gon' bust what

If he isn't never see mail, 'cause that we sell
Dope by the truckloads, hoes can catch it retailMotherfuckers grindin' but we all ain't played
And all ain't paid, now watch 'em all get sprayed
Laid back and watch him misprint it, we been spit it

For you newcomers who thinkin' you done it, I put my fist in itLet yo' bitch get it, serve a D and watch a bitch

If I ain't wit' it, it wasn't enough fuckin' chips in it
Niggaz try to gain stripe, I flame mic

Got 'em all caught up in the same shit, call it game tightKeep my name hyped, strivin' to get my name right
When it's fucked up, I'm the one you can blame right

It's steaks and knives, read him his rights
So called best friend'll stab yo' ass in the back with a knife
And try to put yo' ass on iceFor brownie points and stripes
