These Bones

Stereoside

It wasn't easy fallin'
So I lay my head down low
Just to get you closer to me
As I wait my turn in line
Something dares to leave me down your road
I didin't think I have the time
'Cause I was so caught up in fallin' my way
Closer to ...
The weight of all these bones
I carry on my own
It halts this empty heart
One day we'll all be gone
The weight of all these bones
Yeah...
As I'm turnin' out the lights
There's still pallin' more behind each door
I didin't think I have the time
'Cause I was so caught up in fallin' my way
Closer to...
The weight of all these bones
I carry on my own
It halts this empty heart
One day we'll all be gone
The weight of all these bones
I'm diggin' down
I carry this away
On my own
You know that I do
The weight of all these bones
I carry on my own
It halts this empty heart
One day we'll all be gone
The weight of all these bones
I carry on my own
It halts this empty heart
One day we'll all be gone
The weight of all these bones
Yeah...
I didin't think I have the time

'Cause I was so caught up in fallin' my way
Closer to you
As I'm turnin' out the lights
Something dares to leave me down your road
It wasn't easy fallin'
So I lay my head down low
Just to get to
The weight of all these bones
I carry on my own
It halts this empty heart
One day we'll all be gone
The weight of all these bones
