

# Sleep No More

Jack Savoretti

I feel you slip, out of my hand  
I'm holding on, as tight as I can

You see

I need the love you give me

So tired, so greedy

Fighting like enemies

Out on the battlefield, of love

Fixing a broken dream

I can't get no sleep no more

Sleep no more It hurts me so much

To say we're both wrong

But you see

I need the love you give me

So tired, so greedy

Fighting like enemies

Out on the battlefield, of love

Fixing a broken dream

I can't get no sleep no more

Sleep no more (no more)

Sleep no more (no more)

Sleep no more (no more)

Sleep no more (no more)

Eye to eye(?) (no more)

Dust to dust (no more)

Sleep no more

Fighting like enemies

Out on the battlefield, of love

Fixing a broken dream

I can't get no sleep no more

Sleep no more

I need the love you gave me
