## Walking Shapes

Sea sick stereo  
Stick in the woods  
Tuned out children  
Donna come off it  
I gave it up maybe too soon  
I can't be what I'm not

You know what you're doing  
A sad and beautiful existence

Where will you go  
When you need to get away?

Sea sick floating lonely heart  
Time nix speaking tongues

You know what you're doing  
A sad a beautiful existence

Boxed blind as a bat
