The Unknown

Anthem Lights

It's a little bit scary
When you're not sure what's up ahead
So you try to bury
All your old fears
Lock it up tight, deep inside
Out of sight, out of mind
At least that's what you tell yourself
It doesn't really seem to helpDon't you know that you're
Right at home in the unknown
I'm already there
I'm already there
Don't you know that you're
Not alone in the unknown
I'm already there
I'm already there
See you don't need to know
What tomorrow holds
When you know the One who holds tomorrow
Understand you're just a man
And trust me child I have a plan
I am in control and I won't let you goDon't you know that you're
Right at home in the unknown
I'm already there
I'm already there
Don't you know that you're
Not alone in the unknown
I'm already there
I'm already there with YouI want you to see
I want you to believe
That I can be everything You need
Don't you know that you're
Right at home in the unknown
I'm already there
I'm already thereDon't you know that you're
Right at home in the unknown
I'm already there
I'm already there
Don't you know that you're
Not alone in the unknown

I'm already there
I'm already there
I'm already thereI'm there with You
