

# Feels Like Home

## Basement Jaxx

Hold my hand while you sleep  
So when you dream I'm there with you  
Hold my hand while you sleep  
So when you dream I'm there with you  
Home  
Feels like home

I hurry to make my way home  
Cause you are my truth and my light  
And when night falls I search for you  
Make my way closer to you, closer to you  
Hold my hand while you sleep  
So when you dream I'm there with you  
Home  
Feels like home
