

# Weight in Gold (Point Point Remix)

## Gallant

Black dust in orbit  
Cascades down like a parachute  
Bricks on my shoulders  
This gravity hurts when you know the truth I'm pulling my weight in gold  
Call me anxious, call me broke  
But I can't lift this on my own  
Pulling my weight in gold  
Call me anxious, call me broke  
But I can't lift this on my own We dreamt like martyrs  
I never thought I was bold enough  
You pushed me further  
And I take the blame for the both of us I'm pulling my weight in gold  
Call me anxious, call me broke  
But I can't lift this on my own  
Pulling my weight in gold  
Call me anxious, call me broke  
But I can't lift this on my own Oh, Universe, hold me up  
Tried your best, is it ever enough  
When it's already dragging me down? I'm pulling my weight in gold  
Call me anxious, call me broke  
But I can't lift this on my own  
Pulling my weight in gold  
Call me anxious, call me broke  
But I can't lift this on my own
