

# Fork and Knife

## Brand New

We're uneasy, two tigers in a cage,  
We're pacing on our pads, in waiting,  
For the time to come in reverie.  
Our lazy bones ache for our dowry. You can't hold on to the thrill.  
So I hope you find your will to follow through.  
What we invented, I am now ending.  
Hold on to who you love.  
We are dry and blown like dust since we were young.  
What we invented, I am now ending. The closest thing we had to royalty,  
A chance to break our parents' patterns.  
We chose to keep our teenage tragedy,  
In lieu of a romantic palace.  
Play tender like a new born baby would.  
Play tender 'til the night is over.  
I'm leaving you to nurture cherished wounds,  
And care for it just like your lover, yeah. You can't hold on to the thrill.  
So I hope you find your will to follow through.  
What we invented, I am now ending.  
Hold on to who you love.  
We are dry and blown like dust since we were young.  
What we invented, I am now ending. Can't hold on to the thrill.  
So I hope you find your will to follow through.  
What we invented, I am now ending.  
Hold on to who you love.  
We are dry and blown like dust since we were young.  
The morning's over, the day is in full swing. I know you're busy,  
But please won't you come visit me?  
You are an aimless ghost,  
You haunt you bag of bones.  
The wolf messed with your vision.  
He is sitting in your kitchen,  
While you sleep tonight.  
You will eat your young,  
And you will act surprised. You can't hold on to the thrill.  
So I hope you find your will to follow through.  
What we invented, I am now ending.  
Hold on to who you love.  
We are dry and blown like dust since we were young.  
What we invented, I am now ending. Can't hold on to the thrill.

So I hope you find your will to follow through.  
What we invented, I am now ending.  
Hold on to who you love.  
We are dry and blown like dust since we were young.  
The morning's over, the day is in full swing.
