

A World to Murder

Hell Within

When will the hands of god
Choke the life from this world of fools
Eradicate the masses
Crushed under the weight of failureAwait the deathblow
ripped from your pried hands
A faith transparent
Liberate us!
Decimate us!Our fear blinds
Us to the ones who enslave us
Our world dies
Corruption stands us idleAll our lives
Devoid of meaning
Endless searching
Silent screaming
For our rotting soulds
There is no hopeLower my broken body down
An unmarked grave
Unwanted mourning
I'll keep my death all for myself
Save all your tears for drowningAwait the deathblow
ripped from your pried hands
A faith transparent
Liberate us!
Decimate us!Our fear blinds
Us to the ones who enslave us
Our world dies
Corruption stands us idleAll our lives
Devoid of meaning
Endless searching
Silent screaming
For our rotting soulds
There is no hopeYou
Force us down
Bind our wrists
Crush our dreams
Your hopeless God is dyingLet the fires rise
Warm our ears with burning temples
Spill your lungs to empty skies
With baited breath weep prayers unansweredFear the collective silence

Sever us from times division
I tread a million miles
Nothing stole the hate from my eyes
Conceived just to dieThe blinding faith in your eyes
Your fear!
Your lies!
You feel that you'll die!
A stitch in time
No one to save you
