Move On Up

Curtis Mayfield

Hush now child, and don't you cry
Your folks might understand you, by and by
Move on up, toward your destination
You may find from time to time
ComplicationBight your lip, and take a trip
Though there may be wet road ahead
And you cannot slip
So move on up for peace will find
Into the steeple of beautiful people
Where there's only one kindSo hush now child, and don't you cry
Your folks might understand you, by and by
Move on up, and keep on wishing
Remember your dream is your only scheme
So keep on pushingTake nothing less, than the second best
Do not obey, you must keep your say
You can past the test
Just move on up, to a greater day
With just a little faith
If you put your mind to it you can surely do itJust move on up
Move on up
But move on up
Oh child, but just move on up
But move on up
Move on up
