

Loud Like Love

Placebo

Love on an atom,
Love on a cloud,
To see the birth of all that isn't now
Can you imagine a love that is so proud?
It never has to question why or how
So I'd abandon the love in my dreams
When I wake up I'm soaking in my sheets Breathe
Breathe
Believe, believe, believe, believe For all of our youth
We have craved them
Their beauty and their truth Breathe, breathe, breathe, breathe
Believe, believe, believe, believe
Breathe, breathe, breathe, breathe
Believe, believe That we are loud like Love on an atom
Love on a cloud
To see the birth of all that isn't now
Can you imagine a love that is so proud?
It never has to question why or how For all of our youth
We have craved them
Their beauty and their truth
So we name them
And somehow they pull us through
We have craved them
For all of our youth Breathe, breathe, breathe, breathe
Believe, Believe, believe, believe We are loud like love
We are loud like love
We are loud like love
We are loud like love
We are loud like love
We are loud like love
We are loud like love
We are loud like love We are loud like love
