Not Thinking About Me

Adelitas Way

Advisory - the following lyrics contain explicit language:

I see you walking
And I take my time to know
I feel you breathing
But I just can't let it goMy time is wasting
But I know I cannot heal
You said it was nothing
But I know that shit was realNo, I couldn't keep you from moving along that day
No, I couldn't keep you from running along
I think that I'll go now
You don't even careI hate how it drives me so crazy
Knowing you are the one, and you're not thinking 'bout me
I hate that it turned 'cause I made it
Knowing you are the one, and you're not thinking 'bout meDoo-doo-doo-doo-noo
Knowing you are the one and you're not thinking 'bout me
Doo-doo-doo-doo-noo
Knowing you are the one and you're not thinking 'bout meI see you leaving
And you're probably heading home
I know you're with him
And I just can't let that go'Cause she didn't come with any leeway
Yeah I know, I'm not alright
One thing that i missed was goodbyeNo, I couldn't keep you from moving along that day
No, I couldn't keep you from running along
I think that I'll go now
You don't even careI hate how it drives me so crazy
Knowing you are the one, and you're not thinking 'bout me
I hate that it turned 'cause I made it
Knowing you are the one, and you're not thinking 'bout meDoo-doo-doo-doo-noo
Knowing you are the one and you're not thinking 'bout me
Doo-doo-doo-doo-noo
Knowing you are the one and you're not thinking 'bout meShe says she was a friend till end of days
and thats the day she left
And I know I'm just a stranger, living a look for love

She says she was a friend that leftSo why would you look back
Cause maybe I know that there's no reason
So why would you stayI hate how it drives me so crazy
Knowing you are the one, and you're not thinking 'bout me
I hate that it turned 'cause I made it
Knowing you are the one, and you're not thinking 'bout meI hate how it drives me so crazy (Noo)
Knowing you are the one, and you're not thinking 'bout me
I hate that it turned 'cause I made it (Noo) (ooooo)
