Poison

BR5-49

Disc go down late last night
Spinnin' room don't feel right
Spirits they all laugh at me
'Cause of my stupidity
Cold sweat on my brow
Feel it comin' up right now
Alaman-left to the powder room
Steppin' in time to a banjo tunePoison, get thee out of me
Poison, get thee out of meI can't focus, I can't see
TV don't make sense to me
Bubblin' crude comin' up fast
I swore that drink would be my last
Oh, my goodness, oh, my dear
Banjo pickin's all I hear
Spinnin' worlds gotta give
For tomorrow can't forgivePoison, get thee out of me
Poison, get thee out of meDisc go down late last night
Spinnin' room don't feel right
Spirits they all laugh at me
'Cause of my stupidity
Oh, my goodness, oh, my dear
Banjo pickin's all I hear
Cold sweat on my brow
Feel it comin' up right nowPoison, get thee out of me
Poison, get thee out of me
Poison, get thee out of me
Poison, get thee out of me
Poison, get thee out of me
