

# Shattered Heart

Tania Christopher

Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart  
Don't shatter my heart I've been saving up this treasure for years  
I hid it somewhere so no one could touch it  
With every love I had some reason to leave  
No other like it 'cause it's so authentic Many driver couldn't bear her though  
Try to break through the gate but didn't have the gut  
When I looked in your eyes, I felt a glitch  
So I present you with my most precious gift I put my love in a jar  
In my heart, like a piggy bank  
And I'm giving it to you  
So whatever you do Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart  
Don't shatter my heart Never knew that love can be so epic  
But you save me 'cause you're all heroic  
Legend has it that you've earned this throne  
Since you came and pulled the sword out the stone Many driver couldn't weather the storm  
You came in my life and turned the lights on  
Now when you touch me baby, I can't resist  
So I present you with my most precious gift I put my love in a jar  
In my heart, like a piggy bank  
And I'm giving it to you  
So whatever you do  
Don't shatter my heart In a big emergency, don't break the glass, call me  
Our love can save anything like the Father, believe me  
I'll give you my all 'cause my heart makes me stronger  
And if you pour into it I can go even harder I put my love in a jar  
In my heart, like a piggy bank  
And I'm giving it to you  
So whatever you do Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart

Don't shatter my heart, don't shatter my heart  
Don't shatter my heart, don't shatter my heart  
Don't shatter my heart
