Have Your Way

Tree63

Jesus can we talk tonight
Like when we first met?
I'm such a long way from the light
Why can't I see You yet?Take me, have Your way
Though I don't feel You, I will believe
Take me, Lord I pray
Just have Your way with meLord I know it's time to go
Deeper waters call
I can't resist Your Spirit's flow
I'm not afraid at allTake me, have Your way
Though I don't feel You, I will believe
Take me, Lord I pray
Just have Your way with meTake me, have Your way
Though I don't feel You, I will believe
Come on take me, Lord
Take me, Lord, have Your wayJust have Your way
Oh Lord, have Your way
Just have Your way and me
