

# Name On It

[Dustin Lynch](#)

There's a four by four, blacked out four door  
Ice cold six pack in the floorboard  
That's got my name on it Hot little chick, cherry bomb red lips  
Sitting shotgun, fresh tat on her hip  
That's got my name on it Dressed up looking like money  
Headed in from the country Chorus  
It's gonna get wild tonight  
Gotta get that mixture right  
DJ and a dance floor  
Can't stop, we want more  
There's a good time going down  
And a getting loud rowdy crowd  
Last call at three in the morning  
That's got my name on it It's almost time, there's a sold out line  
Through the parking lot 'round the marquee sign  
That's got my name on it Shooting down that golden brown  
Charcoal whiskey made in a town  
That's got my name on it  
Lights down, amps turned up  
Everybody raise your cup Repeat Chorus  
Guitar Solo There's a beer in a bucket  
Waiting on me to shotgun it  
That's got my name on it Repeat Chorus
