Look Out Below

Ratt

Your times a wasting
You better watch your back
better watch your back
Spin in circles
Get me off this trackAnd there's no Angel
She's back in black
Back in black
No she's a Devil
But I like that assDoes it make you ever want to stop?
Times a wasting give it all of a lot
Give it allLook out Below Look straight ahead
You better watch your back or you'll end up deadYou gotta live a little
You gotta love a lot
Gotta love a lot
When you're in trouble
Give it all you gotYou drive me crazy
And you're all I need
You're all I need
No one better
When you're on your kneesDo you ever really want to talk?
Times a wasting give it all of a lot
Give it allLook out Below Look straight ahead
You better watch your back or you'll end up dead
So Look out Below Look straight ahead
You better watch your ass cause I'm in your headYou don't make me feel wanted
You just make me feel bad
You don't make me feel anything
You're just making me mad
So mad(SOLO)Does it make you ever want to stop?
Times a wasting give it all of a lot
Give it allLook out Below Look straight ahead
You'd better watch your back or you'll end up dead
So Look out Below Look straight ahead
You'd better watch your ass cause I'm in your headLook out below
Cause I'm in your head
Or you'll end up dead
Look out below
Cause you busting your head
You're going to end up dead Yeah
