## Fever Ray

Vinnie Paz (ikon) verse  
these streets is vietnam/  
im like Jesus tryin to complete a Psalm/  
I beleive in Islam/  
heathens can bleed till they gone/  
its on, anyone can get hit/  
anyone can get the center of their energy split/  
my enemies fit, to face Palestine/  
Ya'll bitch rappers only got hearts on Valentine's/  
  
And all ya'll that wanna know how my metal feel/  
It get settled in the temple when my beretta kill/  
My pen bleeds the ink ya'll spill  
but ya'll still seem to think ya'll real/  
jedi mind real put the 9 to your grill/  
we spit real...and ya'll run for the hills/  
I'll stab you in the back till it weakens the knees/  
and smash you with a statue of Jesus that bleeds/
