Notice

James Whild Lea

I think I'll write him a notice
He lives on the fifth floor, I'm on the first floor
Whenever he comes down he hops in his 64
Casey and Jojo flows out of his window
And I can tell by what he drives he's a fly guy
In my mind he pulls off slow, I'm watchin' him don't he know?
About 12:26, 'cause I'm in 1226
I'm watching as he comes home and wonder why he's alone
If he only knew about the girl on level one
I think I'll write him a notice, a notice
So he can notice that I'm tryin' to get his attention
If I write you a notice, a notice
Can you come on over and we get more better acquainted?
I think I'll write him a notice, a notice
So he can notice that I'm tryin' to get his attention
And if I write you a notice, a notice
Can you come on over and P.S. don't forget my extension?
I'm gettin' impatient and my time is wasting
Should I make the first move before he is taken?
Or maybe he's taken, oh I can't take it
I just gotta know about the guy on the fifth floor
And I don't know what to do, I'm lost in my lust for you
We never met it's true, but I feel like I know you
Can I get through?
Can I make you feel the same way about me as I do?
I think I'll write him a notice, a notice
So he can notice that I'm tryin' to get his attention
If I write you a notice, a notice
Can you come on over and we get more better acquainted?
I think I'll write him a notice, a notice
So he can notice that I'm tryin' to get his attention
And if I write you a notice, a notice
Can you come on over and P.S. don't forget my extension?
I think I notice everything just by watchin' you
Judging by your car I think your favorite color's blue
Same routine everyday you hit the gym at two
I think you'll feel the same once we're properly introduced
It's this face you make every time something's wrong
Before you go to bed you take two shots of Patron

Every night you fall asleep with the T.V. on
I don't know why you're alone?
I think I'll write him a notice, a notice
So he can notice that I'm tryin' to get his attention
If I write you a notice, a notice
Can you come on over and we get more better acquainted?
I think I'll write him a notice, a notice
So he can notice that I'm tryin' to get his attention
And if I write you a notice, a notice
Can you come on over and P.S. don't forget my extension?
I think I'll write him a notice, a notice
So he can notice that I'm tryin' to get his attention
If I write you a notice, a notice
Can you come on over and we get more better acquainted?
