

# This Hollywood Life

## Suede

She-rocker you're wasting your time  
'Cos you're only a girl  
She-rocker sacked the factory line  
For a chance of a dance in a surreal world  
She said, "Oh, come rescue, rescue me  
From this Hollywood life  
Oh, come rescue, rescue me  
From this Hollywood life"  
She-rocker hear the audience scream  
For the death of the king  
But a hand-job is all the butchery brings  
'Cos fame ain't as easy as him  
(How sad)  
Oh, come rescue, rescue me  
From this Hollywood life  
Oh, come rescue, rescue me  
From this Hollywood life  
Oh, come rescue, rescue me  
From this Hollywood life  
Oh, come rescue, rescue me  
From this Hollywood life  
Come take this Hollywood life  
Take this Hollywood life  
Take this Hollywood life  
Come take this Hollywood life
