

# More Than Ever

## Bedhead

Just like i said before  
Give me two weeks when i get home i'll come and say hello  
With lots of kisses for you misses how i miss you so  
Be home forever nothin better than to see you though  
And tell me how ya been  
Don't act surprised this is how i am  
I'm feelin' good and that's real

### [CHORUS]

You and me should kick it more than ev more than ever more than ev

Remember me and you  
Remember me and you  
Remember me and you  
Remember me and you

Remember when we'd sit

Talk face to face and wonder whether we'd be fakin it and chat for hours  
About the leftest side of government  
I'd sit and listen to your words and i'd be lovin it  
Now the times have changed  
Older but we always stay the same  
I'm fillin up the whole lane

### [CHORUS]

yeah la la la la yeah  
la la la la yeah  
la la la la yeah  
la la la la yeah  
la la la la yeah  
la la la la yeah  
la la la la yeah
