

To Be Young [Is To Be Sad, Is To Be HIGH]

[Ryan Adams](#)

Young boy you done me bad I went and did ya wrong
Young boy you done me bad I went and did ya wrong
Then I got high Lord I got high and I got a bone to pick with
you And I'm sure you know its true Oh one day when you're looking back
You were young and man you were sad
When you're young you get sad
When your young you get sad then you get high
Oh man
Young gal you done me bad and I went and did ya wrong
Young gal you done me bad so I went and did ya wrong
Then I got high
Lord I got high
Now you got a bone to pick with me but I wish you'd let me be
Oh one day when you're looking back
You were young and man you were sad
When you're young you get sad
When your young you get sad then you get high
You get high
Oh the days the rain would fall your way
Oh the days the rain would fall your way
Then you be high cause you got sad
Cause you got sad Oh man
