

# Sarah (You Take My Breath Away)

Chris Norman

Sarah  
oh  
I need you  
Sarah  
you take my breath away.  
Sarah  
oho  
gotta have you  
Sarah  
you take my breath away. Another restless night without you secret feelings locked away  
I close my eyes and think about you I memorize each word you say. Oh  
emotions tear me apart thoughts never spoken are here in my heart.  
Sarah  
oh  
I need you  
Sarah  
you take my breath away.  
Sarah  
oho  
gotta have you  
Sarah  
you take my breath away.  
Hey  
you take my breath away. Every day you pass beside me  
never once you look my way.  
The inner conflict that's inside me to try and find some words to say. Emotions tear me apart thoughts never  
spoken are here in my heart. . . . Sarah  
oho  
oh  
I need you  
Sarah  
you take my breath away.  
Sarah  
oho  
gotta have you  
Sarah  
you take my breath away.  
Hey  
you take my breath away.
