

So Cold

Stevie Hoang

I woke up one night and it hit me you were gone (you were gone)
Now I'll be the first to admit that I was wrong (I was wrong)
Cuz I never made time when I pushed your love away
And it's killing me cuz now it's too late (hey, hey) Since you've been away, it's got me all messed up (all
messed up)
Cuz I couldn't find another girl that I could trust (I could trust)
If I had you here I know just what to say
Cuz I finally realise my mistakes If I could do it all over again
I would go back to the time we were friends
Making love over and over again
And I wouldn't let go Cuz without you girl my heart is so
Cold, cold
My heart is so cold, cold
My heart is so cold, cold
My heart is so cold, cold
Cold, cold, hey I could do what I want and stay out every night (every night)
I'll be up in the club coming home anytime I like (anytime I like)
But I'm tired of spendin nights all on my own
And without you girl, this house ain't a home You got me reminiscing all the time
Wish that I could press rewind
Go back to the last fight
I just wanna make it right (hey) Now I was foolish girl to ever let you go
For what it's worth baby I want you to know If I could do it all over again (if I could do it)
I would go back to the time we were friends (yeeah)
Making love over and over again
And I wouldn't let go (goo~) Cuz without you girl my heart is so
Cold, cold
(My heart is so cold) My heart is so cold, cold
My heart is so cold, cold
My heart is so cold, cold
Cold, cold Don't know what to do (do)
Things just stay the same (same)
Girl I ain't been right
Since you took your love away (away) Still gotcha picture on my phone
How I wish that you would call
So I could say If I could do it all over again (If I could do it all over again)
I would go back to the time we were friends (back to the time)
Making love over and over again
And I wouldn't let go (And I wouldn't let it go)

Cuz without you girl my heart is so cold
If I could do it all over again (If I could do it girl)
I would go back to the time we were friends (Do you remember)
Making love over and over again
And I wouldn't let go (And I wouldn't let it go)
Cuz without you girl my heart is so
Cold, cold
(My heart is so cold) My heart is so cold, cold
My heart is so cold, cold
My heart is so cold, cold
Cold, cold
