

# Ginger

## Speedy Ortiz

[Verse 1]

Everybody's getting wasted  
I just pick my teeth, lurking in the shadows of the party lights  
Order in the court of offers  
Playing plebes just like a bad cop with a bribe  
I wanna fold up and fall inside  
The interstitials of killing time[Chorus]  
Wasted, wasted like you[Verse 2]  
Everybody's getting spewy  
I'm messed up on moons, acting like a lunatic who needs a tide  
Sinewed something awful  
Told me, "You can't swim if you can't dive."  
Oh, Ginger!  
So should I grow up and stem the tide?  
I wanna cannonball and kill your time[Chorus]
