

# Gas Joe Pearce

## Electro Hippies

Its up to us to decide, whether these filth can ruin peoples lives  
some time in a deathcamp may change their twisted minds,  
Gas Joe Pearce, he deserves to die.Keep up the fight around the world,  
the voice of the racists should not be heard,  
from South Africa to England its all the same,  
the only good racist is a dead one.
