

Take Your Time

Shannon McArthur

Days go by like raindrops fall
I still feel the sting
City lights don't make this night any more bright
cuz I still hang to the thought of me and you so take your time and I'll take mine
maybe one day we'll meet up halfway
take your time and I'll take mine yeah
I'll take my time yeah Evenings pass like Subway glass
always I still cling
to what we had and what we felt
you know that you're the one who dealt this hand
let me be your man
I can so take your time and I'll take mine
maybe one day we'll meet up halfway
take your time and I'll take mine yeah
I'll take my time yeah Baby I hope you take yours too
know that I'll be waiting here for you
and even if you're not here tonight
one day we're gonna get it right so take your time and I'll take mine
maybe one day we'll meet up halfway
take your time and I'll take mine yeah
I'll take my time yeah
