

Save It

Uriah Heep

Save it, save it,
Save it all for me Save it, save it
You've gotta save it all for me Gonna take my heart and my soul
And lay it onto someone's daughter
Gonna give out all that I got
To the woman who sits by the water Gonna spend the rest of my time
With the woman by the winding river
Gonna let her know
That I'll give her all
That I got forever and ever
