Freakshow, I'm the body you're about get to know  
You can't, you can't ignore it  
If love is a blind, maybe its the way you hold the light  
Make it tasting, make it craving  
I will be the one you save aWe won't stop, no  
Ohh, what you think about that?  
What's coming on?  
Go ahead and scream out  
That what you want?  
So, what about to serve it?  
Ohh, maybe you deserve it  
Worth it, work it, na na na!So come and take what yours tonight  
Oh la la la la, keep me what I want  
Keep me alive  
It's like a first day of your life
