

Lorraine (Re-Make) [feat. Bunji Garlin]

Explainer

I walk right by and we caught eyes
I did my thing twas no surprise
Then Iâ€™ hearâ€™ this voice sayâ€™ come
Stick with me
You little butterfly
Come rockâ€™ with me

Get on the dancefloor
Get on the dancefloor
You're not alone
Getâ•Yonâ•Ytheâ•Ydancefloor

Get on theâ•Ydancefloor
Get on theâ•Ydancefloor
This song is good
Get on the dancefloor

The world spin round The heart beats fast
We shake it up this dance will last
We step all day until the night
We party on
The sound is right

Get on the dancefloor
Get on the dancefloor
You're not alone
Get on the dancefloor
Get on the dancefloor
Get on the dancefloor
This song is good
Get on the dancefloor

What else to do I tell you this
So many more lay on my list
I feel so fine it ain't no lie
Dance till sunshine
Oh me oh my

Get on the dancefloor

Get on the dancefloor
You're not alone
Get on the dancefloor

Get on the dancefloor
Get on the dancefloor
This song is good
Get on the dancefloor

Can't get enough,I like ur style
That shake and groove
It gets me wild
Keep doing that thing,and move
Ur feet
I,m right with you rock to the
Beat

Get on the dancefloor
Get on the dancefloor
You're not alone
Get on the dancefloor

Get on the dancefloor
Get on the dancefloor
This song is good
Get on the dancefloor
