Don't Dance

Fagatron

I'm feeling a kinda pressure, I'm feeling tonight
The feeling that I've gotta set the party off right
The pressure makes it better, I said It before
I give in to the music, but the music wants more
Time to feel the beat in my skin
The beat will keep on begging me to give in
To the way that they want to move
To many people trying to tell you what to do
I am not gonna tell you to dance
Just gonna keep on doing my thing (my thing, my thing)
I am not gonna tell you to move
Just gonna keep on playing the way I am playing
Don't dance, don't dance
Don't dance, don't dance
Don't dance, don't dance
Don't dance, don't dance

Just give up the illusion that come to win
There is no confusion cause you gonna give in
I see your body moving like it can be ignored
You move a little harder but I think I want more
Time to feel the beat in my skin
The beat will keep on begging me to give in
To the way that they want to move
To many people trying to tell you what to do
I am not gonna tell you to dance
Just gonna keep on doing my thing (Oh oh oh oh oh oh)
I am not gonna tell you to move
Just gonna keep on playing the way I am playing
Don't dance, don't dance
Don't dance, don't dance
Don't dance, don't dance
Don't dance, don't dance
