

One Woman Army Intro

Ciara

Been through it all
I'm a warrior of love
I'm a warrior of life
I'm a one woman army

Get what I want
Do what I say
One thing's for sure
Don't take no mess
I'm made of love
Don't need no stress
I rise above
Cause I'm too blessed

All my soldiers march
All my soldiers march
All my soldiers march
All my soldiers march
All my soldiers march
