Antonia

Manecas Costa

Antonia
Soon you will out grow my arms
Soon enough you'll discover
Other boys have charms
Antonia, woman child
Won't be long, you drive 'em wild
But in the meantime, stay your daddy's girl
And wrap me round your little finger
Antonia, take it slow
When it's right, you let me know
But in the meantime let me be the guy
One you turn to till you learn to fly
Antonia
Soon you will out grow my arms
Soon enough you'll discover
Other boys have charms
Antonia, you will bloom
Leaving me your empty room
And anytime I'm lonely, I can find
The teddy bear and pony Antonia left behind
