

# The Things I Love In You

## Cold Chisel

Sittin' on the corner drinkin' my beer  
Told all the others Happy New Year  
Told everybody some things  
I knew  
I knew  
Doesn't really matter anymore  
Never really mattered anyway  
Only I do wonder how you'd feel  
If it were you  
In my shoes Could you change, I wonder  
If you knew  
All the things I love in you If I had a dollar for every time  
I hung out on the corner doin' time  
While you showed another through all  
All the things i love Could you change I wonder  
If you new  
All the things I love in you
