

Aliens & U.F.O.s

Vanessa Amorosi

I'm afraid of commitment, parties and engagements
Weddings on a Saturday night
I'm confused by rehab, players playing on those girls
Wishing to it don't feel right
I've tried to fix, the way I think
But I just never feel, never feel alone
Alone I am not afraid of aliens and UFO's
No I am not afraid of aliens and UFO's
Are you sure there's no one else
In this universe
Coz I am not afraid of aliens and UFO's But I'm afraid of activity, racing it honing to me
Swimming in the sea with sharks
I'm confused by my heart right
Does it beat, how did it start?
A comfort that I get in the dark
It might seem strange, I can't find this way
Even when there's no one around
I never feel alone, alone I am not afraid of aliens and UFO's
No I am not afraid of aliens and UFO's
Are you sure there's no one else
In this universe
Coz I am not afraid of aliens and UFO's UFO's, UFO's When she was a little child
She used to march around
Claiming she had superpowers
Shooting off the Mars I am not afraid of aliens and UFO's
No I am not afraid of aliens and UFO's I am not afraid of aliens and UFO's
No I am not afraid of aliens and UFO's
Are you sure there's no one else
In this universe
Coz I am not afraid of aliens and UFO's UFO's (I am not afraid)
UFO's (of the UFO's
UFO's (I am not afraid)
UFO's (of the UFO's
