Little Girl (In the Big City)

Roy Orbison

Little Girl, In The Big City
Little Girl, It's Such A Pity
Alone, Unwanted, Unloved and shy
Looking to strangers who pass you by
Little Girl, Walk OnYou Won't Be A Little Girl Long
Working Girl, In The Big City
Working GIrl, It's Such A Pity
You grew up in a world, Moving too fast
Now your future is in the past
Oh, Working GirlWhere has the little girl, gone?
Woman, In The Big CIty
Woman, It's Such A Pity
Bright Lights and music have lured you away
From things you remember in your yesterday
Oh, Woman of the world
You're just a little girl, Gone wrongLittle Girl, walk on
(repeat to fade)
