It's All Around You

Absynthe Minded

Where do you go when you have nowhere to turn
The roads connect to the bridges you burn to preach me and
You?ve been calling in situverb and finding excuses to be by yourelf
There?s more to life
You know
It takes you to open up your eyes
To see the right it?s all around you
It?s all around you
You?ve been sleeping your problems away

Being reclusive you?re losing yourself
It?s time to change
You know
[Chorus:]Sleep building up now
Closing in on you now
Greaving turn your neck now
Telling you don?t leave it all behind
[Chorus:]
