

# Fuck Everything

CSS

How many beers can you drink  
Until your breath  
Starts to stink? I'm so high  
I wanna pump it up  
I'm gonna dance all night  
Even if the music sucks You know when you feel deep in the shit  
Luck hit the road left me begging in the streets  
All the cards I hold are 3's or 4's And what I'm actually doing is less than I could  
Have asked for.  
I put my game-face on and try to  
Get turned on but nothing ever happens in this  
Neighborhood... I wanna rip my eyes off  
And scream!... bitch please! I'm so high  
I'm gonna pump it up. I'm gonna dance all night.  
Even if the music sucks. I got a p.h.d in a.d.d.  
I own a broken car and a pencil  
You know what? let me be that lazy pig I'm gonna  
Try to talk you won't try to understand... so what up?!  
Anyway... puf puf coff coff you're the new kid in the  
Block And I still wann rip my eyes off  
And scream... fuck everything! Hanging with your friends... fuck everything! Kickin' garbage cans... fuck  
everything! Hangin' with the homies... fuck everything! Eatin' pizza provolone... fuck everything! I'm so high.  
I'm gonna pump it up.  
I'm gonna dance all thing. Even if the music  
Sucks.  
Fuck  
Everything!
