

Old Love / New Love (feat. D'Angelo Lacy)

Twin Shadow

[From "Grand Theft Auto V" Video Game Soundtrack]What am I suppose to say?

An old love called me yesterday, hmmm

And she sounds so sweet

Oh she sounds so, so, soChorus:

Drill me to the floor

This hurts even more than I expected it to do

Uh, uh, uh

Uh, uh, uh

Drill me to the floor

This hurts even more than I expected it to do

Uh, uh, uh

Uh, uh, uh

Uh, uh, uh

Uh, uh, uh

Oh, oh, oh

Oh, oh, ohLike the moon says to the dark

We will never be apart

I'll never be alone again

Cause it was you call me up

When I couldn't shut my mouth

About the last love that did me in!

I couldn't sleep, you said, "just sleep with me"

I couldn't speak, you said, "I'm listening"

And if it breaks me down, I'll be around

Until it's you, oh you're my new loveChorus:

Drill me to the floor

This hurts even more than I expected it to do

Uh, uh, uh

Uh, uh, uh

Drill me to the floor

This hurts even more

Uh, uh, uh

Uh, uh, uh

Uh, uh, uh

Uh, uh, uh

Oh, oh, oh

Oh, oh, ohAll on, it's been so long

The way you gotta call in her need, her need

All on, it's been so long

The way you gotta call in her need, her need
All on, it's been so long
The way you gotta call in her need, her
And I love you still!
Oh, I love you
