

Pressure (feat. Ginuwine)

Belly

[Intro: Belly]

Lets go, Yeah

Im back man

For the first time

I see that look on your face

Come on [Chorus: Ginuwine]

I think they feel the pressure {4X}

I know they feel the pressure {4X}

Nowww! [Verse 1: Belly]

Swear to gud Im about to blow

Im coming in yall going out the door

You can hate you can doubt the flow

But tell the whole globe its about to snow

Broads, cars, record deals and cheddar

I aint involved if it aint a mil or better

You feel the pressure? I know you do

Roadsters, Rovers, I overdue

I do it how you suppose to do

Get rich before rap no loans recouped,

Im what a cold a flow little promo do

Stones looking like a million little photo shoots

Maybe thats why all the models stop

Same time the jaws and the pradas drop,

They feel the pressure like bottle tops

Right before the bottle pop

Owww! [Chorus] [Verse 2: Belly]

Its Belly boy get the name right

I paint life you can ask what my game like

Get introduced in the daylight

Seduce and knock boots in the same night

Girls kill for a him,

Thats me the new day filmore slim,

I have you sweating till you feel more slim

you wanna feel less them and feel more him (I knowww)

I have to win thats right whole life full of acronyms

DD on her chest, CP on my chest

AC on the seats, TV in the deck

SLR couple GTs and a S

DBD(death before dishonor) when I speak, 200 Gs on my neck

Its B do you feel the pressure yet?
Im MJ with three seconds left
Yesss![Chorus][Verse 3: Ginuwine]
Its pressure and I know you feel it
Got you freaking got you bouncing
Said we like it like that
Belly and Ginuwine and we just wont stop
Say ohho woaho ohh (ohho woaho ohh)
Say ohho woaho ohh (ohho woaho ohh)
We got bottles popping
Females doing what they wanna do and they cant stop screaming
Said we like it like that
Belly and Ginuwine and we just cant stop
Say ohho woaho ohh (ohho woaho ohh)
Say ohho woaho ohh (ohho woaho ohh)[Chorus]
