Tonight

Damone

I got my radio on behind the box of my cereal
And it's a pretty cool song for bringing me back to life
I got my Kangaroos on, on my way to go visit you
'Cause you been doin' me wrong but that doesn't matter tonight'Cause I been thinkin' a long time about the things that we did right
I can't go on living in a world I know is goneTonight, tonight
We're gonna lay down our arms tonight
'Cause half my heart's in the stereo
And the other half's screwed on tightTonight, tonight
We're gonna lay down our arms tonight
'Cause half my heart's saying let it go
And the other half stays to fightI got my radio on behind the box of my cereal
And it's a pretty cool song for bringing me back to lifeTonight
We're gonna lay down our arms tonight
'Cause half my heart's in the stereo
And the other half's screwed on tightTonight, tonight
We're gonna lay down our arms tonight
'Cause half my heart's saying let it go
And the other half stays to fight
