

Tonight

Damone

I got my radio on behind the box of my cereal
And it's a pretty cool song for bringing me back to life
I got my Kangaroos on, on my way to go visit you
'Cause you been doin' me wrong but that doesn't matter tonight'Cause I been thinkin' a long time about the
things that we did right
I can't go on living in a world I know is gone
Tonight, tonight
We're gonna lay down our arms tonight
'Cause half my heart's in the stereo
And the other half's screwed on tight
Tonight, tonight
We're gonna lay down our arms tonight
'Cause half my heart's saying let it go
And the other half stays to fight
I got my radio on behind the box of my cereal
And it's a pretty cool song for bringing me back to life
Tonight
We're gonna lay down our arms tonight
'Cause half my heart's in the stereo
And the other half's screwed on tight
Tonight, tonight
We're gonna lay down our arms tonight
'Cause half my heart's saying let it go
And the other half stays to fight
