

What Your Soul Sings (Remastered)

Massive Attack

Don't be afraid
Open your mouth and say
Say what your soul sings to you Your mind can never change
Unless you ask it to
Lovingly re-arrange
The thoughts that make you blue
The things that bring you down
Only do harm to you
And so make your choice joy
The joy belongs to you And when you do
You'll find the one you love is you
You'll find you
Love you Don't be ashamed no
To open your heart and pray
Say what your soul sings to you So no longer pretend
That you can't feel it near
That tickle on your hand
That tingle in your ear
Oh ask it anything
Because it loves you dear
It's your most precious King
If only you could hear And when you do
You'll find the one you need is you
You'll find you
Love you
